Ridgewood, NJ, October 14, 2009

ILTA's 2009 Technology Survey named World Software Corporation as one of the top 3 organizations which "have done an outstanding job in terms of product quality, support and pricing during the past 12 months." There were 455 survey respondents in all, representing 190,000 professional – including more than 88,000 attorneys.

Our customers say much the same. Every week, clients tell us how satisfied they are with Worldox support, and with Worldox itself. A few recent examples:

"Worldox support is excellent! The staff is knowledgeable, personable, and clearly understands and anticipates their clients' needs. We have used Worldox for 11 years and in that time have never been disappointed with the product or support. We would strongly recommend Worldox to any company needing document management."

Jennifer Melancon, Jones, Walker, Waechter, Poitevent, Carrere & Denegre, LLP

"Worldox Technical Support is remarkable – certainly the best technical support I have experienced. That's one reason I'm recommending World Software products to friends and colleagues in other law firms."

Kathy Mayle, Weycer, Kaplan, Pulask & Zuber, P.C.

We are deeply gratified by this recognition from ILTA, and from our customers. On behalf of the entire World Software team, we want to thank our clients for their loyalty and support.
